To the Board of Commissioners of St. Tammany Parish Fire Protection District No. 9 P. O. Box 213 Bush, Louisiana 70431

We have reviewed the accompanying financial statements of the governmental activities and each major fund of St. Tammany Parish Fire Protection District No. 9, a component unit of the St. Tammany Parish Government, State of Louisiana, as of and for the year ended December 31, 2004, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of the St. Tammany Parish Fire Protection District No. 9.

A review consists principally of inquiries of entity personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information on pages 2 through 4 and 13 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report dated April 5, 2005 on the results of our agreed-upon procedures.

ST. TAMMANY PARISH FIRE PROTECTION DISTRICT NO. 9 BUSH, LOUISIANA MANAGEMENTS' DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2004

This section of The St. Tammany Parish Fire Protection District No. 9 (the District) annual financial report presents Management's analysis of the District's financial performance for the year ended December 31, 2004. This analysis should be read in conjunction with the reviewed financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The District's net assets increased by \$129,954.

The general revenues of the District were \$313,041.

The total expenditures/expenses of the District were \$183,087.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three sections: Management's Discussion and Analysis, reviewed financial statements and supplementary information. The financial statements also include notes that provide additional detail of the information included in the financial statements.

BASIC FINANCIAL STATEMENTS

The financial statements of the District report information about the District using accounting methods similar to those used by private companies. These financial statements provide financial information about the activities of the District.

The Statement of Net Assets (page 5) presents the current and long-term portions of assets and liabilities separately.

The Statement of Governmental Fund Revenues, Expenditures and Changes in the Fund Balance/Statement of Activities (page 6) presents information on how the District's net assets changed as a result of current period operations.

The following presents condensed financial information of the District:

SUMMARY OF NET ASSETS

Total capital assets, net of accumulated depreciation	\$ 402,017	\$ <u>336,755</u>

The major additions to capital assets during the year consisted of various fire equipment and metal sheds for the tankers.

DEBT

The District has one certificate of indebtedness outstanding at December 31, 2004, with a balance of \$260,000.

BUDGET ANALYSIS

A comparison of budget to actual operations is a required supplementary statement and is presented in the accompanying supplementary information.

The significant differences between final budgeted amounts and actual budgeted amounts are as follows:

- 1. Grant revenue exceeded the final budgeted amount by \$7,000.
- 2. Capital outlay expenditures exceeded the final budgeted amount by \$4,187.

ST. TAMMANY PARISH FIRE PROTECTION DISTRICT NO. 9 BUSH, LOUISIANA MANAGEMENTS' DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2004

BUDGET ANALYSIS (Continued)

The above differences occurred because the District received a \$7,000 grant from the Parish for the purchase of an air compressor. This amount was not included in the final budget due to the fact that the parish paid the \$7,000 directly to the vendor. The total cost of the air compressor was \$11,654. At December 31, 2004, the District had a payable of \$4,655, which is the difference owed to the vendor for the total cost of the air compressor.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Management considered the following factor when setting the budget for the year ending December 31, 2005:

1. There is expected to be continued growth in ad valorem tax revenue.

CONTACTING THE DISTRICT'S MANAGEMENT

This report is designed to provide a general overview of the District and to demonstrate the District's accountability for its finances. If you have any questions about this report or need additional information, please contact Mr. Harvey C. Haydon, Jr., Treasurer, St. Tammany Parish Fire Protection District No. 9, P. O. *Explanation

- (1) Decrease in long term obligation for certificates of indebtedness
- (2) Reclassify capital asset purchases and record depreciation
- (3) Proceeds from issuance of certificates of indebtedness are reported as financing sources in governmental funds. In the statement of net assets, issuing debt increases long-term liabilities and does not affect the statement of activities.

See accountant's report and accompanying notes.

ORGANIZATION

The St. Tammany Parish Fire Protection District No. 9 (the District) was created by the St. Tammany Parish Government, as authorized by Louisiana Revised Statute 40:1492 effective November 18, 1976. The District primarily purchases and maintains fire equipment and provides fire protection for those areas contained in the District. The St. Tammany Parish Government appoints a five-member board to govern District No. 9.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the St. Tammany Parish Government is the financial reporting entity for St. Tammany Parish. The financial reporting entity consists of (a) the primary government (parish government), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Tammany Parish Government for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1) Appointing a voting majority of an organization's governing body, and
 - a) the ability of the parish government to impose its will on that organization, and/or
 - b) the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the parish government.
- 2) Organizations for which the parish government does not appoint a voting majority but are fiscally dependent on the parish government.
- Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

REPORTING ENTITY: (Continued)

For the following reasons, the District is considered to be a component unit of the St. Tammany Parish Government, the reporting entity:

- 1. The commissioners of the District are appointed by the St. Tammany Parish Government.
- 2. The District provides fire protection to residents within St. Tammany Parish.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the parish government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

BASIS OF PRESENTATION:

The accompanying financial statements of the St. Tammany Parish Fire District No. 9 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

These financial statements include the implementation of GASB Statement Number 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments and related standards. This new standard provides for significant changes in terminology, recognition of contributions in the Statement of Revenues, Expenses and Changes in Net Assets, inclusion of a management discussion and analysis as supplementary information and other changes.

BASIS OF ACCOUNTING:

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

In accordance with *Statement of Governmental Accounting Standard* 34, the District presents a Statement of Net Assets and Statement of Activities. These statements reflect entity-wide operations of the District. The District has no fiduciary funds or component units. The District has only a General Fund.

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)</u>

BASIS OF PRESENTATION: (Continued)

Within the accompanying statements, the General Fund column of the Statement of Net Assets and the Statement of Activities reports all activities of the District using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Management considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Ad valorem taxes and the related State revenue sharing (which is based on population and homesteads in the parish) are recorded in the year the taxes are assessed. Ad valorem taxes are assessed for the calendar year, become due on November 15 of each year and become delinquent on December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year. Interest and substantially all other revenues are recorded when earned.

The General Fund column is adjusted to create a Statement of Net Assets and Statement of Activities. Within this column, amounts are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

CAPITAL ASSETS:

Capital assets, which include property, equipment, buildings and construction in progress, are reported in the statement of net assets. Capital assets are capitalized at historical cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings and building improvements	20 - 40 years
Equipment	5-10 years
Fire trucks	15 years

1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

BUDGETARY REPORTING:

The District's budgetary process accounts for certain transactions on a basis other than GAAP. The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures are recorded when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting in the statement of revenue, expenditures and changes in fund balance. A reconciliation of the resulting timing differences is presented below:

<u>Amount</u>
\$ 16,284
(223,736)
229,098
1,701
<u>(4,655</u>)
\$ <u>18,692</u>

2. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents consist of amounts in demand deposit accounts, savings accounts, and certificates of deposit maturing in 90 days or less. Deposits of the District in the amount of \$431,520 (bank balance) are held by one financial institution and are fully insured or collateralized as of December 31, 2004.

Amount due within one year	\$ <u></u>	\$ <u>33,000</u>	\$ <u>33,000</u>

The \$100,000 issue bore interest at five and a half percent and was scheduled to mature in 2007. This issue was repaid in March 2004.

The \$260,000 issue bears interest at three and a half percent for the first three years and four percent for the years thereafter. It matures in 2011. The certificates are secured by the ad valorem tax on property in the District.

4. CHANGES IN GENERAL LONG-TERM OBLIGATIONS: (Continued)

The following amounts are expected future maturities of the certificates of indebtedness at December 31, 2004:

	PRINCIPAL	<u>INTEREST</u>	<u>TOTAL</u>
2005	\$ 33,000	\$ 7,493	\$ 40,493
2006	34,000	7,075	41,075

Total	\$ <u>260,000</u>	\$ <u>32,958</u>	\$ <u>292,958</u>

5. LEVIED TAXES:

The following ad valorem taxes were authorized and were levied for the year ended December 31, 2004:

Authorized Millage	Levied <u>Millage</u>	Expiration <u>Date</u>
10.00	10.00	2011
25.00	25.00	2011

6. USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts. Accordingly, actual results could differ from those estimates.

7. DONATED SERVICES:

No amounts have been reflected in the financial statements for donated services. Donated services were not recorded due to the fact that the value of these services were not readily determinable. However, a substantial number of volunteers have donated significant amounts of their time in the fire department's program services.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

April 5, 2005

Board of Commissioners St. Tammany Parish Fire Protection District No. 9 P. O. Box 213 Bush, Louisiana 70431

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of St. Tammany Fire Protection District No. 9 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about St. Tammany Parish Fire Protection District No. 9's compliance with certain laws and regulations during the year ended December 31, 2004 included in the Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed are as follows:

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000 or public works exceeding \$100,000 and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

We examined documentation which indicated that applicable expenditures had been properly advertised and accepted in accordance with the public bid law.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and amendments to the budget during the year.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget and amendments to the minutes of meetings.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues fail to meet budgeted revenues by 5% or more or actual expenditures exceed budgeted expenditures by 5% or more.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and actual expenditures met budgeted requirements.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and: (a) trace payments to supporting documentation as to proper amount and payee, (b) determine if payments were properly coded to the correct fund and general ledger account, and (c) determine whether payments received approval from proper authorities.

-3-

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee, payments were properly coded to the correct fund and general ledger account and inspection of documentation supporting each of the six selected disbursements indicated proper approvals.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

No exceptions regarding compliance with the laws and regulations were noted.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the year and noted no deposits which appeared to be proceeds of bank loans, bonds or like indebtedness, except as noted below.

During our testing, it was noted that the District issued \$260,000 certificates of indebtedness on September 22, 2004. Per our review of supporting documentation, the issuance was approved by the State Bond Commission as required by state law.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

A reading of the minutes of the District for the year indicated no approval for the payments noted. We also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances or gifts.

In our prior year report dated May 26, 2004, we reported that one bid was advertised for only eight (8) days prior to the opening of the bids, instead of the fifteen (15) days required by the public bid law. We also reported that actual expenditures exceeded the budgeted amounts by more than 5%. The comments relating to compliance with the public bid law and budget have been resolved by management.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the Board of Commissioners and management of St. Tammany Parish Fire Protection District No. 9 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
